Oahu Railway & Land Co. has started a course of instruction in first aid to injured. Dr. C. B. Cooper, the company physician, designated Sergeant Barry as instructor. Thompson and Clemons, as attorneys for Cecil Brown in the Dreier suit, have filed a demurrer to the plaintiff's complaint. The main ground given is that there is both a misjoinder and non-joinder in that the names of Mrs. Dorothea Reincke and Emilie Dreier are not made parties to the suit either as plaintiffs or defendants.

Subpoenas are being issued for the witnesses in the murder trial of John Wynne, alleged to have killed Officer McKinnon on the steamer Rosecrans. Twenty-two Honolulu men are being summoned and seven Californians. Most of the latter will be served when they arrive here in a few days on the Rosecrans. Those who have left the vessel will be served through the United States Marshal in San Francisco.

DR. COFER'S
POSITION

So far as Judge Humphreys and his clients are concerned the fight against Dr. Cofer as president of the Board of Health is at an end, according to a statement made by the Judge yesterday. The fight was a close one and it was realized that there was merit in the contentions but with the decision from the Department of the Interior, the matter will be allowed to drop.

As matters stand now Dr. Cofer is in a much better position than he was before. When he accepted the position at the hands of Governor Frear he did so without salary, evidently believing that it would not be the proper thing to accept pay both from the Federal and Territorial governments. Under the decision which reached here

on Friday he will be at liberty to accept the Territorial position with the full salary of \$250 per month in addition to the regular pay which he gets in the Marine Hospital Service. It has been suggested that on this account he should pay Judge Humphreys a fee for the legal work which he has done.

Whether Dr. Cofer will accept the position or not is still undecided. He called on Governor Frear this morning and talked the matter over, the latter stating later that no decision had been reached. It is possible that pressure will be brought to bear on Dr. Cofer through the Chamber of Commerce and the Merchants' Association to accept the position, as the business men of the city are strongly in favor of him as the right man for the place.

THREE
MAYORS

LANE'S "SUNDAY SCHOOL" REVIV-
ES AND THE THREE-CORNERED
FIGHT IS LIVELY.

The "Lane Sunday school" was revived last night, when a big gathering of Lane men came together in a caucus to boost Lane for mayor. Lane has taken some delegates from both Lucas and Hustace, since he came out with the backing of Kuhio, but apparently not enough to insure a nomination. He has enough, however, to make him an important factor.

In this connection there are reports today that he may yet be induced to take the nomination for sheriff. That Wise will be beaten if he runs is the fear of many Republicans, and while Lane might also have a hard run against Jarrett, it is thought that he has a better chance.

The county convention will probably not do any business on Saturday, but will adjourn to a future date, Saturday being a holiday. It will meet again Monday or Tuesday, probably, and go ahead with its work.

It does not seem likely now that the mayoralty can be settled on the first ballot. Hustace and Lucas will probably both lead Lane, on that ballot, but if a deadlock comes, strength is likely to go to Lane.

R. W. Shingle is again being urged for member of the House. Leading Republicans think that Shingle is the man to take the place of W. W. Harris, and if he runs he will probably be chairman of the finance committee.

ARRAL CONCERT

Indications are that Madame Arral will be given a glorious send off tomorrow night as there are quite a number of society parties being formed to attend among which are Mrs. Frear and party. Madame Arral will choose her songs from English, French and German, among which will be the Queen of Sheba, Villanelle by Del Aquai, Galathee by Masse, Nymphes and Sylphides by Bemberg, Gounod's Serenade, Tosti's Good-bye, Ganz's Sweet Bird, May Morning, Denza, and others from the large repertoire. Madame Arral will have the assistance of Mr. Buchly who will render as violin solos The Romance and Polish Dances by Wieniawski and Hungarian Dances by Brahms. Those who are lovers of good music will be on hand and a very pleasant evening is assured.

REPUBLICAN
PLATFORM

(Continued from Page Four.)

terests of this Territory.
In order to encourage fruit growing and truck farming, and to provide for the successful handling of such products, we favor public aid to the growers by providing assistance in the transportation and marketing. With this end in view we favor the appointment of a commission to examine and consider the whole subject, and to report on the practicability thereof together with recommendations thereon.

We commend the Delegate to Congress for his effort to interest the National Immigration Commission in a personal inspection of the situation in these islands. We endorse the proposal to have the Commission visit the Territory and we pledge our candidates to support measures that will promote the development in all our industries along traditional American lines.

We endorse the measure introduced by our Delegate in Congress asking the appropriation of the sum of \$250,000 for former Queen Liliuokalani, and in the meantime favor the continuance by the Legislature of the present appropriation.

We favor a liberal appropriation with a view to the investigation study and ultimate extermination of plant pests.

We advocate that the Volcano of Kilauea be reserved for a National Park.

We oppose and denounce all trusts, monopolies and illegal combinations of capital, as they tend to control supplies, increase prices, lower wages, and check the opportunities of labor.

We earnestly solicit the support of all voters who desire and believe in an honest, efficient, enlightened and economical administration of public affairs, for the candidates of the Republican party, all of whom stand pledged to the letter and spirit of the foregoing platform.

SMITH HAS A
DAMAGE SUIT

HILO ATTORNEY COMPLAINS OF
A STEAMER'S REFUSAL TO GIVE
HIM PASSAGE.

Carl S. Smith, the Hilo attorney, who is now in this city with his family, will probably bring a heavy damage suit against the Matson Navigation Company in the near future. Some time ago when he desired to bring his family down in the Lurline he was refused passage, though he tendered the necessary funds to pay for his tickets and his claim is that as a common carrier the steamship company must accept passengers when there is room for them. According to his belief there has been an understanding reached between the Matson Navigation Company and the Inter-Island Steam Navigation Company by which the former shall not interfere with the latter's passenger trade between the islands.

Mr. Smith states that he has traveled on the Matson boats before under varying circumstances, that is he has both traveled on a pass and has been able to come over from Hilo by paying the fare of \$12.50. Why he should be allowed to do so at one time and be refused the next is the question. Where the damage suit will be brought is another matter that is of interest. It may be that Smith will have to file his suit in the admiralty court, which would mean a long delay and considerably more expense than if the matter could be taken before the Territorial courts in a civil suit and settled quickly.

WHY DID SMITH
LEAVE HIS HOME?

Richard Buhler the popular young leading man and director of the Lumley Company, takes a benefit at the Orpheum to night through the courtesy of Manager Lumley and Cohen. Geo. Broadhurst's comedy hit "Why Smith Left Home" will be the bill, with vaudeville between acts. Tomorrow night the entire Lumley Company will have an Aloha testimonial tendered to them by the management and their friends as well as the offering with an olio of vaudeville numbers in the Concert Hall scene and between acts; seats are now on sale for both performances.

AT THE ART.

By special request the management of the Art Theatre will put on the famous torpedo boats film showing the Dreadnaught and the 7 marine torpedoes and the attack. The Fire men in incendiary will be shown also by request. Besides the above a number of new pictures will be shown.

SPORTSMEN'S MECCA.

The golf links, a feature at Haleiwa, attract many persons who take exercise for health's sake. The road to Haleiwa attracts people who ride in automobiles because it passes through a beautiful part of the island. The Mecca to brain-weary individuals is the hotel where Manager Biddgood looks after the comforts in a culinary way. The appointments at Haleiwa are excellent in every way.

Some people who look with horror on the idea of drinking beer that contains less than 3 per cent. alcohol, drink malt extract regularly that contains 6 per cent. They look upon beer as an intoxicant. Now, beer is the best kind of a malt extract and you can't do better than drink.
